I. INTRODUCTION

A. BERNALILLO COUNTY METROPOLITAN COURT

The Bernalillo County Metropolitan Court (“Court”) was created pursuant to NMSA 1978, § 34-8A-1 et seq., and is a court of limited jurisdiction located in Albuquerque, New Mexico.

B. PURPOSE OF THIS REQUEST FOR PROPOSALS

The purpose of this Request for Proposals (“RFP”) is to solicit proposals, in accordance with the New Mexico Procurement Code, NMSA 1978, § 13-1-28 et seq. The Court is requesting proposals, including statements of qualifications and performance data, from national, local, state, private, and/or public organizations (“Offerors”) that by reason of their skill, knowledge and experience are able to furnish services in accordance with the Scope of Work set forth in this RFP.

C. SUMMARY OF SCOPE OF WORK

The Court desires to procure services relating to the provision of behavioral health treatment services for “Participants” (defined below) in its DWI/Recovery Court and Urban Native American Healing to Wellness Program (“Healing to Wellness”) (defined below). The goals of these Programs are to provide rehabilitative services for individuals experiencing underlying issues of substance use and other behavioral health conditions such as a co-occurring mental illness that may have contributed to these Participants’ DWI and other misdemeanor charges. The objective of the Programs is to provide intensive Court-monitored supervision to rehabilitate non-violent drug and alcohol defendants and defendants with co-occurring disorders convicted of subsequent DWI offenses. The Scope of Work is fully detailed in Section IV of this RFP.

In addition, the Court desires to procure services for the provision of Psychiatric Services, Medication Assisted Treatment (“MAT”), Seeking Safety™ (a specific treatment model), and Intensive Outpatient Treatment (“IOP”) for “Participants” (defined below) in its DWI/Recovery Court and Healing to Wellness Program.

The Metropolitan Court is requesting proposals that comply with New Mexico law. The term of the initial contract(s) shall begin as soon as an award pursuant to the RFP is made and a Contract is finalized.

D. SCOPE OF PROCUREMENT

The scope of this procurement is to establish a rate and services schedule from qualified Offerors for a period of **up to four (4) years**, subject to available funding, i.e. for **Fiscal Year 2026 (July 1, 2025 to June 30, 2026), Fiscal Year 2027 (July 1, 2026 to June 30, 2027), Fiscal Year 2028 (July 1, 2027 to June 30, 2028), and for Fiscal Year 2029 (July 1, 2028 to June 30, 2029)**. Subject to available funding, the Court in its discretion may enter into an agreement for more than **one (1) year** and/or may renew the term of the Contract. Therefore, the Court requests that Offerors provide a cost schedule for a total of **four (4) years**.

Any Contract awarded as a result of this RFP process may be terminated if sufficient appropriations or authorizations do not exist. Such termination will be effected by sending written notice to the Contractor (defined below). The Court’s decision as to whether sufficient appropriations and authorizations are available will be accepted by the Contractor as final.

The initial term of the Contract will begin on **July 1, 2025**. However, under no circumstances will any Contract, including any extensions thereof, extend beyond **June 30, 2029**.

The treatment goals include the reduction of anti-social cognition, recognition of risky thinking and feelings, helping Participants adopt a prosocial identity, reduction in association with antisocial peers, increased participation with prosocial activities, improved problem solving skills, assistance with self-management (including anger management and coping skills).

“Fiscal Year” refers to the State of New Mexico fiscal year and means a one (1) year period from July 1 to June 30.

“High Risk/High Need Offenders” means an individual who suffers from drug or alcohol dependence, severe mental illness and/or deficiencies in adaptive functioning. In addition, he or she has a poor prognosis for success in standard treatment or rehabilitation, because of such negative risk factors as an early onset of delinquency or substance use, antisocial personality traits, previous failures in rehabilitation, or a preponderance of antisocial peers.

“Individualized” refers to a treatment approach that is based on information that has been gathered during the screening and assessment process that describes the unique characteristics of each Participant. This information then forms the basis for personal interaction with drug court staff, enables decision makers to place the Participant in the most appropriate program available, and enables staff to determine if additional supports and services are needed to promote the Participant’s progress and success. In addition, the information provides a basis from which to measure Participant progress, to identify the need for program enhancements, and to identify areas in which the program is effectively addressing Participant needs.

“Key Personnel” mean all senior personnel of the Contractor assigned to the Contract.

“Native American” is any person who self identifies as Native American.

Implementing this model in practice requires an assessment of each offender’s risk of dangerousness, prognosis for success in standard treatment, and clinical needs. A typology is presented of four sub-groups of drug offenders characterized by distinct risk-and-need profiles.

“Receipt” means the form of receipt attached hereto as **Appendix A** to be signed by the Offerors acknowledging their receipt of this RFP and interest in being included in the distribution service list for this RFP.

“Request for Proposals” or **“RFP”** means collectively all documents, including those attached or incorporated herein by reference, used for soliciting proposals.

The Proposal is enclosed in an envelope or a box that is completely sealed in a way that nothing can be added or removed. Any opened package or broken sealed packaged will NOT be accepted by the Court.

“Staffing(s)” are meetings which are held prior to holding the DWI Recovery Court or Urban Native American Healing to Wellness Court court session, the court team holds a “staffing.” The staffing is attended by team members. It is a best practice for the staffing to be led by the Specialty Court Program Judge. Judicial participation, however, is discretionary and not mandatory to a drug court. The purpose of the staffing is to update team members on the progress of each participant scheduled to appear that day in court, and to discuss any potential issues.

“Trauma-Informed Care” recognizes that many individuals involved with the criminal justice system and with substance use disorder or co-occurring disorders have experienced significant trauma in their lives. Trauma-informed care is an organizational structure and treatment framework that involves understanding and responding to the effects of trauma on the Court’s target population with the goal of creating a safe environment in which to improve an individual’s functioning.

“Treatment Plan” is a comprehensive set of tools and strategies that address the Participant’s identifiable strengths as well as the Participant’s problems and deficits. It presents an approach for sequencing resources and activities, and identifies benchmarks of progress to guide evaluation. Treatment plans should contain a section addressing motivation for change.

In addition, the Court reserves the right to purchase either all or any portion of the services, or to not select any vendor or purchase any services resulting from this RFP.

4. Subcontractors

Use of subcontractors for services must be clearly explained in the proposal, and all subcontractors must be identified by complete business name, address, and telephone number. All subcontractors also shall be required to execute a Campaign Contribution Disclosure Form, **Appendix B** hereto. In any event, the Contractor shall be wholly responsible for the entire performance whether or not subcontractors are used. Subcontractors may be added during the Contract term with the prior written approval of the Court.

8. **Disclosure of Proposal Contents**

The proposals will be kept confidential until a Contract(s) is awarded. At that time, all proposals and documents pertaining to the proposals will be open to the public, except for the material that is proprietary or confidential. The Procurement Manager will not disclose or make public any pages of a proposal on which the Offeror has clearly stamped or imprinted "proprietary" or "confidential," subject to the following requirements:

- a. Proprietary or confidential data shall be readily separable from the proposal in order to facilitate eventual public inspection of the non-confidential portion of the proposal. Confidential data is normally restricted to confidential financial information concerning the Offeror's organization and data that qualifies as a trade secret in accordance with the Uniform Trade Secrets Act, NMSA 1978, §§57-3A-1 to 57-3A-7. **The price of products offered or the cost of services proposed shall not be designated as proprietary or confidential information.**
- b. If a request is received for disclosure of data for which an Offeror has made a written request for confidentiality, the Court shall examine the Offeror's request and make a written determination that specifies the portions of the requested data that should be disclosed. Unless the Offeror takes legal action to prevent the disclosure, the requested data will be disclosed. The proposal shall be open to public inspection subject to any continuing prohibition on the disclosure of confidential data.
- c. The Court is a governmental agency and is subject to certain reporting requirements to other State Agencies (the New Mexico State Auditor, the Administrative Office of the Court, the New Mexico Taxation and Revenue Department, and the New Mexico Department of Finance and Administration, to name a few such agencies) and is further subject to disclosure requirements as set forth in the New Mexico Inspection of Public Records Act ("IPRA") NMSA § 14-2-1 et seq. and in the Sunshine Portal Transparency Act ("Sunshine Portal") NMSA 1978, § 10-16D-1 et seq. Therefore, nothing contained in this RFP or in any subsequent Contract(s) with any Offeror(s) selected for an award is intended to restrict the Court's ability to comply with IPRA and the Sunshine Portal, or other applicable laws or reporting obligations.

9. No Obligation

This RFP in no manner obligates the Court, the State of New Mexico or any of its agencies to the eventual acquisition, procurement, rental, lease, purchase, etc., of any services, equipment, software, or products offered until a valid written Contract is awarded and approved by the appropriate authorities.

10. Sufficient Appropriation

Any Contract(s) awarded as a result of this RFP process may be terminated if sufficient appropriations or authorizations do not exist. Such termination will be effected by sending written notice to the Contractor. The Court's decision as to whether sufficient appropriations and authorizations are available shall be in the Court's sole discretion and will be accepted by the Contractor as final.

11. Legal Review/Advice

The Court requires that all Offerors agree to be bound by the terms and conditions of this RFP. Any Offeror's concerns must be promptly brought to the attention of the Procurement Manager. No communications or representations of or from the Court or its Procurement Manager shall be construed as constituting legal advice to the Offerors of the potential legal effect and consequences of this RFP, any response to this RFP, or any Contract(s), which may be awarded as a result of this RFP. 1. Program Overview

The Court's DWI Recovery Court and Urban Native American Healing to Wellness Court Specialty Courts are part of the larger universe of treatment courts and have been demonstrated, where implemented with evidence-based interventions, to reduce recidivism and substance use among High Risk/High Need substance abusing offenders and increase their likelihood of successful rehabilitation through:

- a. Close judicial supervision and involvement;
- b. Early, continuous, and intensive treatment focusing on risk factors for recidivism provided in a culturally appropriate manner;
- c. Mandatory, frequent, and random drug and alcohol testing;
- d. Probation supervision and Case Management;
- e. Incentives and sanctions; and
- f. A continuum of care from intake through aftercare.

The intent of this solicitation is to elicit proposals from qualified service providers to assist the Court's DWI/Recovery Court and Urban Native American Healing to Wellness Court to reduce or eliminate behaviors associated with the crime of DWI by successfully addressing underlying issues of substance use and other conditions such as a co-occurring mental illness and criminal thinking that may have contributed to these Participants' charges.

In addition, the Court desires to procure supplemental services from for the provision of Psychiatric Services, Medication Assisted Treatment ("MAT"), Seeking Safety™ (a specific treatment model), and Intensive Outpatient Treatment ("IOP") (collectively referred to as the "Supplemental Services") for Participants in its DWI/Recovery Court and Healing to Wellness Program. In conforming to state and national standards for drug courts, the Court considers programs and practices to be Evidence-Based when their effectiveness has been demonstrated by a validated methodology based on scientific evidence. It is from this foundation that the Court will be addressing and evaluating submitted proposals.

Offerors are encouraged to submit proposals for treatment of referred Participants that are enrolled in the Court's DWI/Recovery Court and Urban Native American Healing to Wellness Court and also for the supplemental services (described in more detail below).

The Court prefers to select Contractor(s) that can provide not only the services in support of the DWI Recovery Court and in support of the Urban Native American Healing to Wellness Court but that can also provide the Intensive Outpatient Treatment (IOP), Medication Assisted Treatment ("MAT"), Psychiatric Services, and Seeking Safety™ Supplemental Services. Therefore, the Court, in its discretion, may select multiple Contractors to meet the needs of the Court's Participants. The Court encourages Offerors to submit the most comprehensive proposal that includes the proposed use of any subcontractors, as appropriate.

Additionally, it is acceptable for an Offeror to submit a proposal for all or a portion of the services that are being solicited by the Court under this RFP and which proposal addresses a specific element or population. If an Offeror is proposing a sub-contractor perform any services for which the Offeror is submitting a proposal, the Offeror must identify that subcontractor and the services to be performed by that subcontractor. The Court, in its discretion, reserves the right to reject any subcontractor that is proposed. All proposals must conform to the National Association of Drug Court Professional's Ten Key Components, the Ten Guiding Principles of a DWI Court, the Ten (10) Key Components of Healing to Wellness Courts, and the New Mexico Drug Court Standards.

2. Existing Program Structure

The Court's DWI/Recovery Court and Urban Native American Healing to Wellness Court are designed for High Risk/High Need Participants and are for non-violent offenders. All Participants are required to complete a minimum of Twelve (12) months in the Program but may require a longer period of time in the Program. Participants who are High Risk/High Need require a high level of supervision and treatment. An Evidence-Based assessment tool is used to determine if a potential Participant is High Risk/High Need.

The DWI Recovery Court Program (f/k/a DWI/Drug Court): The Metropolitan Court has been a leader in addressing the community concerns of repeat DWI offenders since the inception of its DWI/Drug Court in 1997. This program blends a multidisciplinary team led by the program Judge who provides judicial oversight, supervision activities of probation officers, a designated court calendar, use of graduated sanctions for non-compliance, and a comprehensive Trauma Informed Approach to substance use treatment to address causative factors associated with the offense. The Program has been a key component in this Court's efforts to enhance community safety, promote Evidence-Based practices for offender accountability, and promote offender rehabilitation. The Court anticipates that approximately Two Hundred Fifty (250) offenders are served by the DWI Recovery Court on an annual basis.

The Court's DWI Recovery Court's prognostic track include a "step-down" Five (5) phase system with each phase requiring a specific minimum period of time to complete. The Court's assignment of Participants is based on an Evidence-Based comprehensive screening of Criminogenic Risk conducted by the Court's Probation Division through the use of actuarial and objective instruments. There are separate tracks for both Spanish speaking Participants and for Participants with co-occurring disorders.

The following is a brief overview of the current DWI Recovery Court Program Phases:

Phase 1 (8 weeks)	Phase 2(8 weeks)	Phase 3 (10 weeks)	Phase 4 (12 weeks)	After Care(14 weeks)
The level of judicial interaction & supervision is dependent on individual needs				
Alcohol/Drug Testing				
Weekly self-help & sponsor/mentor meetings				
Weekly Group session(s)/individual sessions as determined by the Treatment Plan				
Initial treatment intake to determine individualized Treatment Plan	½ of mandated community service hours per conviction	Remainder of community service hours per conviction	Mandatory jail time per conviction completed on Community Custody Program ("CCP")	Complete Aftercare Plan with treatment
			MADD Victims Impact Panel	

Urban Native American Healing to Wellness Court Program: This Program was initially established as a separate track within the DWI Recovery Court. However, in recognition of the distinct culture of Native Americans, a separate court integrating best practices in DWI and drug courts and the healing practices of Native Americans was established in 2004 and continued until 2009. It was later reestablished in 2015. This Program targets non-violent, adult, self-identified tribal members, who are involved with the criminal justice system at the misdemeanor level and who reside within thirty (30) miles of the Bernalillo County metropolitan area. These defendants are diverted from incarceration and participate in treatment with the goal that they will achieve sustained recovery from alcohol and drug use, and reduce their risk of future criminal recidivism. Another goal of the Program is to create an atmosphere of healing through best practices in specialty courts while adhering to traditional methods of healing by ensuring that each Participant has access to Native American Specific Treatment. Participants pursue spiritual and physical recovery in order to improve their quality of life and in achieving this ensure public safety by preventing repeat offenses. The Court anticipates that approximately Eighty (80) self-identified, adult Native Americans are served by the Healing to Wellness Program on an annual basis.

The Court’s Urban Native American Healing to Wellness Program’s prognostic track include a “step-down” Five (5) phase system with each phase requiring a specific minimum period of time to complete. The Court’s assignment of Participants is based on an Evidence-Based comprehensive screening of Criminogenic Risk conducted by the Court’s Probation Division through the use of actuarial and objective instruments.

The following is a brief overview of the current Urban Native American Healing to Wellness Court Program Phases:

Phase 1 (8 weeks)	Phase 2(10 weeks)	Phase 3 (10 weeks)	Phase 4 (10 weeks)	After Care(14 weeks)
The level of Judicial interaction & supervision is dependent on individual need				
Alcohol/Drug Testing				
Weekly self-help & sponsor/mentor meetings				
Weekly Group session(s) as determined by the treatment plan and one (1) individual session per month				
Initial treatment intake to determine individualized Treatment Plan	½ of mandated community service hours per conviction	Remainder of community service hours per conviction	Mandatory jail time per conviction completed on Community Custody Program (“CCP”)	Complete Aftercare Plan with treatment
Health, Wellness & Cultural Needs Assessment		6 month Health, Wellness & Cultural Needs Assessment follow-up	MADD Victims Impact Panel	

The assessment of treatment needs is conducted by the Contractor subject to the Court’s approval of the Contractor’s assessment tool. Self-report alone is not sufficient to make a determination in the areas of risk and need and are expected to be verified by significant others and available documented history. The Probation Officers and the Contractor will collaborate to reach an agreed-upon determination of risk and need.

Treatment components must be provided by the Contractor in a manner consistent with each phase and based upon an Individualized Treatment Plan for each Participant. The initial phase emphasizes abstinence and early recovery, with emphasis on stabilizing the Participant and focusing on proximal goals that they are able to achieve, while providing them with a relatively intensive level of treatment. The next Three (3)

phases emphasize the integration of new skills for sobriety and prosocial behavior. The aftercare phase is devoted to the preparation and initial implementation of a thorough Aftercare Plan in anticipation of graduation. This provides a transition from the structure and support of the Program into the Participant's new journey outside of the Program. After each phase change, Participants are required to complete an assessment (phase change appointment) with the Contractor to determine if there is a need to update their Treatment Plan. Treatment in all phases is delivered in group and individual formats with an emphasis on cultural competence. Treatment groups must only service Participants who are affiliated with the Program, and must include gender specific groups, while maintaining an emphasis on cultural competency.

Referrals to outside providers for medication management for co-occurring mental health disorders or medication assisted treatment for alcohol use disorders, and opiate use disorders shall be staffed with the Court Program Team. If the Contractor does not provide these services, referrals to the Court's contracted provider are required.

The Court's Programs include a robust random drug and alcohol testing protocol. This protocol involves Participants being assigned a unique identifier that provides a randomized frequency for drug and alcohol testing. Participants will on a daily basis call a dedicated phone line maintained by a Court-contracted drug testing agency for instructions on testing and are subject to testing seven (7) days a week including holidays. The Contractor selected in response to this RFP will be responsible for collecting an observed urine sample and mailing it to the Court's contracted drug testing lab. The Court will provide supplies for collection and mailing of the samples. Participants may also be tested by the Probation Division at the Courthouse. Due to the nature of the presenting problems of Participants in a DWI/Drug Court, the emphasis is on detecting alcohol consumption through breathalyzer and alcohol biomarkers (EtG and EtS).

3. Program Goals

- a. Improve public safety by reducing Participant recidivism;
- b. Divert Participants from further involvement in the criminal justice system;
- c. Assist Participants in achieving and maintaining a sober and prosocial lifestyle;
- d. Address the particular needs of Participants with limited English proficiency ("LEP"), co-occurring disorders, disabilities, and other identified needs; and
- e. Treatment and Supervision is based on the level of Risk and/or Need of each individual Participant.

4. Participant Population

The DWI Recovery Court estimates new enrollments of approximately **One Hundred Twenty-Five (125) Participants for Fiscal Year 2026 (from July 1, 2025 to June 30, 2026)**, with the total estimated number of Participants at any given point in time at approximately **One Hundred Twenty Five (125)**. The Urban Native American Healing to Wellness Court Program estimates new enrollments of **Thirty (30) Participants for FY 2026**, with total estimated number of Participants at any given point in time at approximately **Fifty (50)**. Participants are added on a monthly basis, based on available treatment funding. These Participants include individuals with identified substance and alcohol use disorders, co-occurring disorders, and those who may have experienced traumatic events, which affect their ability to achieve and maintain a sober lifestyle.

5. Service Area

Services will be provided by Contractor(s) selected by the Court in response to this RFP for Participants within the Court's jurisdiction and who are referred by the Court for services.

6. Service Components Overview

- a. **Target Interventions:** Service components are interventions targeted to meet the needs of at-risk populations and are intended to facilitate achievement of the goals listed above. Targeted intervention strategies are necessary to address the underlying needs of Participants in the Programs as manifested in substance use disorders, co-occurring mental illness, specific language and/or cultural needs, and those Participants can be expected to benefit from a trauma-informed care strategy.
- b. **Service Component Guidelines:** The service components and breakdown of elements provided herein are to serve as a guideline to Offerors but are not considered to be all-inclusive. Offerors are encouraged to propose other service components that it wishes the Court to consider. Offerors must submit proposals that include all of the necessary elements for the implementation of the program for Participants. In addition, the Court may provide additional information to any Contractor selected by the Court in response to this RFP on how programs and services are to be implemented and what criteria need to be met.
- c. **Supplemental Service Components:** Supplemental service components are for the provision of Psychiatric Services, Medication Assisted Treatment (“MAT”), Seeking Safety™, and Intensive Outpatient Treatment (“IOP”) for Participants in the Court’s DWI/Recovery Court and Healing to Wellness Court. The specific services are more fully described below and must be billed separately as part of the Supplemental Services and are not included in the Case Rates for the primary Services Components of the DWI Recovery Court and the Healing to Wellness Programs.

7. Description of Substance Use, Treatment, and Case Management Service Components

- a. **Intake Procedures:** The Court is seeking proposals from Offerors who have a formal orientation and intake procedure, which outlines program expectations, treatment goals, and financial responsibilities to Participants. Offeror should provide information about its intake protocol and any orientation that it would provide to Participants. Offerors also should demonstrate how Offeror will comply with assessment time frames and implementation of service obligations for Participants.
- b. **Clinical Assessment:** Clinical assessment is the use of a biopsychosocial interview and scientifically validated instruments for initially determining the needs of each Participant and is designed to create an Individual Treatment Plan, establish measurable objectives, and facilitate an Aftercare Plan. Assessment should occur on a regular basis to determine a Participant’s changing needs and objectives as well as progress in the treatment process. A lack of suitable progress by a Participant is an indicator that the plan should change. Contractor(s) selected in response to this RFP shall perform an initial assessment and shall complete a follow-up assessment and return results to the Court by the end of Phase III in order to confirm that the treatment is meeting the needs of the Participants. The results of the assessment are to drive the Treatment Plan, which must be shared with the Court. Offerors should explain how their assessments will support the creation of individualized plans for Participants and contribute to the Participant’s successful completion of the Court’s Program by utilizing an objective, empirically based screening and assessment tool (see next paragraph below). Offerors should explain how frequently its clients are reassessed.
- c. **Screening Tool:** The Court anticipates that Contractors use a tool in order to identify the proper level of care in the context of available treatment resources. The Contractor at a minimum must utilize objective, empirically based screening and assessment tools in assessing the treatment needs of Participants. Examples of such validated tools would include any tool that has been recognized

and approved by the National Adult of Drug Court Professionals (“NADCP”), the National Drug Court Institute (“NDCI”), the National Center for DWI Courts (“NCDC”), or the National Drug Court Resource Center (“NCDRC”). Offerors must identify in their Proposals the tool it uses for its treatment assessments.

- d. **Individual Treatment Plan:** The plan reflects an Individualized approach to each Participant and avoids generic interventions.
 - (1) Identify mechanisms for Participant movement through the Program and successful achievement of goals; and
 - (2) Describe performance measurements and how benchmarks will be established, tracked and reported to the Court.
- e. **Identification of Service Needs:** Explain how Offeror will identify the level of service needs of Participants and how those needs will be matched to specialized programs, protocols or differentiated services levels that are appropriate for Participants. Offerors should describe any programs or efforts that it makes to both identify and address transportation needs of its clients. Offerors also should explain about its after-hours and emergency service protocols. The Court is not requiring any selected Contractor to provide transportation but is merely interested in any services that Offeror may be providing.
- f. **Substance Use Treatment:** Substance use treatment is any organized regime that focuses on the remediation of substance use disorders as defined by the *Diagnostic and Statistical Manual, Fifth Edition* (DSM-V). Any proposal describing this component shall include, but not be limited to, individual and group psychoeducation and counseling. Explain how your approach will meet the needs of Participants and comply with national standards utilizing evidence-based practices. Also explain the key elements of the Offeror’s program’s design and how the Offeror’s program uses evidence-based treatments.
- g. **Alcohol Breath Testing:** Alcohol breath testing should be conducted on all Participants before each counseling session to maintain a safe and secure environment for all parties and to optimize participation in counseling. Explain how alcohol testing will be implemented *prior* to each counseling session. Alcohol breath testing should also be conducted in conjunction with the collection of urine samples.
- h. **Drug Testing:** Offerors should explain what protocols the Offeror will use to obtain a sample for drug testing, which samples will then be sent to the Court’s contracted drug testing lab. Also explain how the Offeror will ensure that chain of custody of samples collected will be maintained. Any selected Contractor will be expected to provide sample collection for drug testing services seven (7) days a week with collections occurring on weekdays from 7:00 AM to 7:00 PM and on weekends and holidays from 8:00 a.m. to 12:00 p.m.
- i. **Therapy Proposals (Holistic Healing):** Offeror’s Proposal should explain any therapies such as meditation that Offeror would utilize to assist Participants in managing withdrawal symptoms. Offerors also should explain if it utilizes a manualized treatment curriculum and if so, which curricula are used.
- j. **Individual and Group Counseling:** This modality may occur in an individual or group format and is of lower intensity than IOP. Offerors should provide information about its Evidence-Based individual and group counseling services. Offerors should include information about its evidence-based individualized plans and whether they contain goals, objectives, performance, and evaluation standards while addressing how Offeror would address specific identified needs of Participants

such as language tracks, cultural and special services.

- k. **Relapse Prevention:** This may be a subcomponent of outpatient treatment or a free-standing activity. In Relapse Prevention (“RP”), Participants are assisted in identifying specific high-risk situations, enhancing the Participant’s skills for coping with those situations, increasing the Participant’s self-efficacy, managing lapses, and restructuring the Participant’s perceptions of the relapse process. Through the identification of the behavioral chain of events leading to and following a relapse, the Participant is better prepared to prevent a relapse in the future.
- l. **Criminogenic Interventions:** Many Participants, but not necessarily all display criminogenic risk factors, such as antisocial cognitions. The standard of practice is to address these factors in addition to any behavioral health issues. There are a number of validated interventions such as Moral Reconciliation Therapy (“MRT”), Cognitive Behavioral Therapy (“CBT”), Responsible Choices, and Thinking for a Change. Offerors should indicate in their Proposals if their proposed intervention is Evidence-Based and should identify the specific Evidence Based treatment modality that is being used. Offerors should include information about how they would create individualized plans containing goals, objectives, performance and evaluation standards while addressing specific identified needs of Participants such as language tracks, cultural and special services.
- m. **Attend Staffings and Hearings at Court (Consultation with the Court):** Offerors need to be able to provide information about how they will plan to attend the Court Staffings with the Court team. The Court’s team consists of the Program Judge, Court Probation Officers, Case Manager, Program Manager, Lead Worker, Treatment, representatives from the District Attorney’s Office and the Public Defender’s Office, as well representatives from any Contractor selected in response to this RFP. Offerors should indicate how they will be reporting information to the Court’s team at Staffings and in Court hearings and in particular how they will be relaying information if the person reporting on behalf of Contractor is not the assigned counselor for a particular Participant. Offerors also should describe the collaboration among their team members directed at monitoring an individual’s participation in treatment, supervision or other agreed upon interventions associated with positive outcomes for the specific population being served.
- n. **Aftercare Plan:** Aftercare is an essential process for reducing the risks of relapse. It requires a concrete and practiced plan for maintaining the coping skills acquired in treatment and anticipating the challenges associated with relapse after discharge from the highly structured nature of a treatment court and probation. While the Court will not be compensating any selected Contractor for the provision of aftercare services for Participants, the Contractor’s creation of an aftercare plan is part of the services being sought by the Court under this RFP. The Contractor must submit an Aftercare Plan for each Participant to the Court at the beginning of the Aftercare Phase. Offerors should explain how it will implement any transition and aftercare planning for Participants with structured programming that focuses on honing skills acquired through the Program and that addresses on-going after-care needs for Participants preparing for graduation from the Court’s Program. The Court is interested in receiving proposals from Offerors that show how the Offeror will emphasize and address life skills planning and community re-entry and integration needs for the Participants after they have completed the Court’s Programs. Any Aftercare plan should also identify unmet Participant needs and possible strategies for meeting those needs in the future. Offerors also should explain how the aftercare plan will be shared with the Court and Participant.
- o. **Alumni Group:** The purpose of the Alumni Group is to provide another avenue of support for Participants who are interested in continuing to make a lasting and positive change in their lives. The Alumni Group is composed of graduates (mentors) who have a desire to volunteer their time to support, assist, and promote current Recovery Court or Healing to Wellness Participants in

achieving success in their recovery, by promoting a recovery lifestyle through mentoring and fellowship. Offerors should explain how it would assist the court in developing and maintaining a robust, long-lasting Alumni Group. Offers should also detail how they would provide the use of a space for the alumni group to gather and Offeror's ability to provide guidance and support to the group.

- p. **Measurement of Participant Progress:** In the interests of monitoring the progress of Participants in treatment, the contracted provider shall administer at regular intervals an evidence-based instrument designed for this purpose. The results will guide modifications to the Individual Treatment Plan and will be provided to the Court team.

8. **Supplemental Service Components**

- a. **Seeking Safety™ Described:** Provide Seeking Safety™ a trauma informed treatment approach requires groups and/or individual sessions for both men and women; Groups should be co-facilitated by either an appropriately licensed substance use or mental health counselor. Group size should not exceed twelve (12) Participants nor be fewer than four (4) Participants. The duration of the group should not be less than one hour or more than one and a half hours per session; and Individual progress notes regarding topics addressed, the quality of participation, and any critical issues must be documented by the provider following each session and provided to the Court in a monthly report. Additionally, the Contractor must communicate and collaborate on a regular basis with other service providers and the supervising Probation Officer in order to integrate care. Up to **approximately Thirty (30) Participants** per year are anticipated to receive services for Seeking Safety.™
- b. **Medication Assisted Treatment:** Provide Medication Assisted Treatment (“MAT”) and opiate replacement treatment and alcohol use disorders treatment for selected Specialty Court Participants; provide monthly written documentation on each Participant’s compliance with the medication regimen to the Court’s assigned Probation Officer; and promptly report to the assigned Probation Officer any Participant’s noncompliance with the medication regimen and relapse. Up to **approximately Twenty-Five (25) Participants** per year are anticipated to receive services for Medication Assisted Treatment. The services provided by any selected provider should include medication assisted therapies, which conform to the Medicaid formularies. Offerors should explain how the Offeror will provide Medication Assisted Treatment to each Participant with an individualized treatment plan, including access to prescriptions that will be obtained for each Participant.
- c. **Psychiatric Care (Medication Management):** Assess the Participants’ needs for psychotropic medications and provide ongoing monitoring of medication compliance; provide Participants with referrals for appropriate treatment and/or intervention such as providing intensive outpatient, co-occurring, mental health, and aftercare treatment services; refer Participants to case management services in order to access benefits for which the Participants may be eligible; Submit monthly reports to the Court’s assigned Probation Officer on the Participant’s progress, including Participant’s compliance with psychiatric services and treatment services objectives, and such other information as may be required by the Court; and promptly report to the assigned Probation Officer any Participant’s noncompliance with the psychiatric services, any medication regimen or relapse. Up to **approximately Fifteen (15) Participants** per year are anticipated to receive services for Psychiatric Services. Offerors should explain how the Offeror will provide access to **one (1) initial consultation with a psychiatrist with up to six (6) follow up visits for medication management.**
- d. **Intensive Outpatient Treatment Program (“IOP”):** IOP is a group treatment modality designed

to provide six (6) to ten (10) hours of counseling per week for two (2) to four (4) months. This is a relatively high level of care for individuals stepping down from detoxification or who have been unable to achieve sustained abstinence. Ideally, IOP is provided at times of greatest convenience to Participants with work and other demands. Up to **approximately Thirty-Five (35) Participants** per year are anticipated to receive IOP services. Offeror should explain how and when Offeror intends to use intensive outpatient treatment focusing on individual clinical needs in compliance with SAMHSA's standard of care.

9. Emphasis on Cultural Competence

Provide services, which are culturally responsive and can improve Participant engagement in services, therapeutic relationships between Participants and providers, and treatment retention and outcomes. Cultural competence is an essential ingredient in decreasing disparities in behavioral health. The Contractor must solicit feedback about their performance in the areas of cultural competence and cultural sensitivity and rectify any disparities in treatment to address the needs of the Participants and produce better outcomes as a result. It is important to the Court that the services being provided to Participants address any culturally-specific needs. Offerors should explain how the Offeror will address specialized services for unique populations (e.g., gender, offender, non-offender, DWI, veterans, etc.) of Participants and how Offeror will engage with Participants in a culturally competent manner. Offerors should explain how the Offeror will ensure that its services are provided in a way that maintains cultural competency. Offerors should also provide information on its efforts to have diversity among its own employees as reflective of the diversity in the Albuquerque community.

10. Assistance in Enrollment in Third Party Payor(s)

The Contractor must have a plan in place to assist uninsured Participants in accessing insurance coverage, through either Medicaid or the federal/state insurance exchange. The Contractor must have a mechanism in place to determine whether a Participant has insurance or is eligible for Medicaid. In addition, the Contractor must be eligible to receive payments from Medicaid and be willing to accept Medicaid as a form of payment. Offerors should describe how they are able to meet these requirements. Offerors also should explain from which insurance and Medicaid providers the Offeror is able to receive payments and whether or not the Offeror accepts major Medicaid plans or other health plans in the Catchment Area.

- f. **Code of Ethics:** Contractor(s) selected by the Court in response to this RFP shall adhere to any professional code of ethics established by licensure for any personnel providing services, volunteer services, or staff providing oversight of the Program or Participants within the Program.

16. Program Management

- a. **Individual Programs:** Except for the provision of Seeking Safety™ services, Contractor(s) selected by the Court in response to this RFP will be expected to design individual Treatment Plans for each Participant in the Program that includes the performance of expected behavior and accomplishments, and a schedule for achievement. The Plan shall be signed and dated by Contractor's staff and the Participant.
- b. **Progress Reviews:** The Contractor(s) selected by the Court in response to this RFP will be expected to review on a regular basis, at least monthly, each Participant's progress either through staff meetings or by individual staff. The outcome of each review must be documented by Contractor in the Participant's file and signed by Contractor's staff and the Participant.
- c. **Communication with the Court; Monthly Reports:** The Contractor(s) selected by the Court in response to this RFP will be expected to communicate frequently with the Court's Probation Officers and Staffing Team and submit Monthly Reports to the Court's Probation Officers on each Participant that will include information on:
 - (1) Participant's progress;
 - (2) The Participant's compliance with the Program objectives;

 - (4) Such other information and use of databases as required by the Court, the Administrative Office of the Courts as to Specialty Court Programs, or by applicable law.
- d. **Incident Reports:** Contractor(s) selected by the Court in response to this RFP will be expected to submit incident reports to the Court documenting a Participant's non-compliance with Program guidelines, Court directives, and violations of the law within 24 hours of the incident with a written incident report submitted via fax or e-mail within the same timeframe. Non-compliance may include, but is not limited to:

- (1) Positive alcohol screenings;
- (2) No shows for group or individual sessions;
- (3) Stalls (a failure to complete a breath test or urine);
- (4) Disclosed non-compliance by Participants including their conditions of release; or
- (5) Other non-compliance issues as may arise, such as inappropriate behavior in a group session.

e. **Fidelity Monitoring:** Offerors submitting proposals in response to this RFP must demonstrate a mechanism for maintaining program fidelity (adherence) to their selected evidence-based practices, regarding whether the specific administrative, Staffing, training, and service delivery (core components and dosage) requirements are being met. Fidelity is the faithfulness with which a curriculum or program is implemented. The way a program is implemented influences the outcomes of the program. Implementing a program with fidelity improves the likelihood of replicating program effects with Participants. Two resources for reference with regard to Fidelity Monitoring are:

- (1) www.ndci.org
- (2) <http://npcresearch.com/projects>

17. Program Audits - Financial/Operational/Administrative

All Contracts with the Court are subject to audit throughout the Contract year and for **three (3) years** following the termination of any Contract by the Court, the State Auditor, or other external auditors to ensure compliance with any Contract(s) awarded as a result of this RFP. Contractor(s) selected by the Court in response to this RFP will be expected to agree that, upon the request of the Court, it will have at its own expense an independent certified public accountant (“CPA”) who has been approved in advance by the Court, to confirm and review the Contractor’s compliance with the terms of any Contract entered into with the Court with respect to Contractor’s accounting, billing, and income.

18. Financial Requirements

- a. **Accounting Systems:** The Contractor(s) selected by the Court in response to this RFP will be required to maintain all records (including source documentation) relating to the Program as evidence of services provided and charges to the Court under any Contract that is awarded and charged to the Court. It is the responsibility of the Contractor to ensure that its existing accounting system conforms to generally accepted accounting principles. Contractors must establish procedures and maintain supporting documentation to substantiate all charges to the Court. Contractors will be expected to use automated accounting systems capable of separately tracking all component services identified in a scope of work for any Contract awarded, by date and type of service provided as well as Participants receiving said services by funding source.
- b. **Reporting and Reimbursement:** The Contractor(s) selected by the Court in response to this RFP are typically compensated on either a cost reimbursement basis based on the actual number of units of service they provided the Participants or based on a case rate for a group of services for each individual Participant. The Contractor will be required to maintain monthly budget reports, which reflect actual service units provided per Participant. These must be made available to the Court upon request. The Contractor shall submit all invoices and supporting documents to the Court no later than the 10th business day of each month or as otherwise provide in the contract for all services provided by the Contractor for the previous month.

19. Mandatory Specifications

The failure of an Offeror to meet any of the following mandatory specifications will result in disqualification of the proposal:

- a. **Experience; Capability of Providing Services:** Provide a brief narrative describing Offeror's agency's history, its primary purpose, target population, and years of experience. Each Offeror must submit a statement of relevant experience listing comparable programs. Each Offeror must provide documentation that thoroughly describes how the Offeror has met or plans to meet each of the requirements listed in the Technical Specifications/Scope of Work and Mandatory Specifications Sections of this RFP above. Offerors must provide information on whether their staff has experience in working with court referrals and with drug-involved offenders. Each Offeror must be able to demonstrate, via a sample schedule of the manpower requirements and costs associated with these requirements, its ability to provide case management services and the other services being solicited herein for the Court. Include resumes for Key Personnel detailing education and experience when working with the identified population.
- b. **Licensure and Qualifications:** Each Offeror must submit a copy of its current business license and copies of any required professional or other licenses and certifications and copies of diplomas for relevant college degrees for all Key Personnel who would be involved in the provision of services for the Court under any Contract, and/or that are required by applicable laws, rules and/or regulations to be maintained in order to perform the services being sought by the Court under this RFP. The Contractor to whom any Contract(s) may be awarded and all applicable personnel must maintain any such required licensure in full force and effect during the term of the Contract and any extensions thereof.
- c. **Good Standing:** Offerors that are corporations, limited partnerships, or similar entities must provide proof of good standing in the State of formation or incorporation of their entity, and in New Mexico. Before the Court will enter into a Contract with an out of state Offeror that is an entity and that has been chosen as the Finalist and to the extent required by the New Mexico Secretary of State's Office and applicable law, the Offeror must provide the Court with proof that the Offeror has duly qualified to do business in New Mexico.
- d. **References:** To the extent available, proposals must include not fewer than three (3) and no more than five (5) references from current or former clients. *References from clients similar in nature to the type of services being sought by this RFP are highly desirable but not required.* The following minimum information must be provided for each reference:
- (1) Name of individual or company for whom services were provided by Offeror;
 - (2) Address of individual or company;
 - (3) Name of contact person;
 - (4) Telephone number of contact person; and
 - (5) The scope of work provided by Offeror.
- e. **Aftercare Services:** When a Participant graduates, is terminated, or is otherwise no longer participating in a Court Program, then the Court will no longer be paying for services for that Participant under any contract between the Court and any selected Contractor. However, it is one of the Court's goals to select providers who can work with Participants to ensure a continuity of care through the use of Third-Party Payors or other resources available to Participants. See information on Third-Party Payors herein.
- f. **Cost of Services for Substance Use, Treatment, and Case Management Services:** Offerors must propose the total cost of the service being sought by this RFP using the below approach:
- (1) **Case Rate Generally:** Offerors must propose a flat case rate to be paid by the Court at the

initiation of services and that anticipates Participant co-payments subject to the Federal Poverty guidelines. The case rate must cover the cost of all services to fulfill all requirements of the Recovery Court and Healing to Wellness Programs, taking into account the revenues the Offeror expects to receive from Participants in Participant fees. The case rate would cover the Services provided to Participants for so long as they are participating in the Court's Program except as modified for Participants with Third-Party Payors – discussed more fully below. The case rate entitles Participants to all services under the scope of work until graduation or termination from the Program by the Court at which point the Court's obligation for payment of services ceases. **The case rate would not include any Supplemental Services (MAT, Psychiatric Services, Seeking Safety™, or IOP).** Offerors should clearly identify their business assumptions, including, for example, Staffing levels, in the proposed case rate. Total costs must include all costs associated with the services to meet the requirements of the contract. Also, the Court request that Offerors provide a cost schedule for a total of **four (4) years**.

- i. **Budget Template:** All Offerors must submit their proposed budget in the Budget Template listed as **Appendix D** in the RFP.
 - ii. **Proposed Case Rate:** Offerors should identify their proposed case-rate, and define the first day of service under any contract issued;
 - iii. **Sliding Fee Scale for Any Co-Pays:** Please provide any sliding scale fee Offeror anticipates using in assessing, or re-assessing, a Participant's ability to pay any co-pay fees based on household income and number of dependents, e.g. Federal Minimum Poverty guidelines. The Court assumes that Participants who are receiving Federal Assistance would not pay any monthly co-pay for the services. Also, describe what protocol Offeror will use to resolve any challenge a Participant may make to a co-payment assessment or re-assessment;
 - iv. **Cost to Participants:** The Court believes that generally Participants should share in the financial responsibility for their care and treatment. Offerors must propose a description of the Participant fees the Offeror proposes to collect (e.g., co-payments for counseling; a no show fee, etc.) from Participants. The Offeror's proposal may include provisions that would allow it to continue to assess Participants fees beyond the 12-month anticipated duration of the Program (the period covered by the case rate paid by the Court) for Participants who remain in the Program beyond 12 months. Proposals may, therefore, include an Offeror's proposed Participant fee schedule. The fee schedule must incorporate a sliding scale based on the ability of the Participant to pay, taking into account a Participant's household income and the number of dependents based on the Federal Poverty Guidelines. A Participant's failure to pay would not constitute termination or bar progression from the Program. It would be the responsibility of any Contractor selected by the Court in response to this RFP to determine the level of fees Participants should be paying toward the case rate for these services and to provide the Court with adequate documentation to demonstrate the accuracy of this determination. The fee schedule proposed by the Contractor should take into account the duration of the Contract and any extensions thereto.
- (2) **Case Rate: High Risk/High Need:** The case rate is a flat amount per incoming Participant for a minimum of **Twelve (12) months**, which is paid by the Court to the Contractor in pro-rated monthly payments over that **Twelve (12) month** period. Participants are expected to receive more judicial supervision and more intensive treatment. The budget proposed for the case rate

cannot exceed the amounts on **Exhibit D** per Participant.

- (3) **Case Rate for Participants who Benefit from Third Party Payors (Public or Private Insurance or Programs)**: If Participants have private insurance or are eligible to receive or are receiving public insurance or Medicaid benefits, then the Court’s case rate under any contract would be reduced accordingly and would be only for those services not covered by those Third-Party Payors. The case rate below is a flat monthly rate, which would be the total lump sum paid by the Court and would be based on a monthly average number of Participants rather than for each individual Participant. The rate to be paid by the Court is to cover the Initial Assessment results, Administering Drug Tests, Treatment Consultation (i.e. Attendance at Staffing’s and Court Hearings), and the creation of Monthly Treatment Plans and Aftercare Plans as those are typically services that would not be covered by a Third-Party Payor.

See below for monthly average number of Participants and not to exceed amounts. See also **Appendix D for Monthly Amounts for FY 2026, 2027, 2028, and 2029.**

Monthly Average Number of Clients	Monthly Not to Exceed Amount For Fiscal Year 2026
0-45 Participants*	\$1,786
46-100 Participants	\$3,810
100-140 Participants	\$8,098

*The Court currently expects the average number of Participants who are on Medicaid to be in the 0-45 range at the beginning of the Contract; however, that number is subject to change.

g. Cost of Supplemental Services (MAT, Psychiatric Services, Seeking Safety™, and IOP):

- (1) **Third-Party Payors**: Contractors are required to use state funds only for Participants for whom services are not available because (i) they are ineligible for public or private health insurance programs; (ii) they have been formally determined to be unaffordable; or (iii) they are for services that are not sufficiently covered by the individual’s health insurance plan. Any selected Contractor shall first seek reimbursement from a Participant’s public or private health insurance programs or any other third-party payors as may be allowable under the law prior to billing the Court. If Participants have private insurance or are eligible to receive or are receiving public insurance or Medicaid benefits, then the fees charged by any Contractor selected in response to this RFP would be reduced accordingly and would be only for those services not covered by those Third-Party Payors. Approximately, Twenty to Thirty percent (20%-30%) of Participants are either already recipients of Medicaid coverage or eligible for coverage. The Contractor also shall seek to enroll Participants in Medicaid, as appropriate.
- (2) **Fee for Service for Supplemental Services**: The Supplemental Services (MAT, Psychiatric Services, Seeking Safety™, and IOP) will not be included in any Case Rate and will be billed by any selected Contractor on a fee for service basis and paid by the Court on a reimbursement basis upon receipt from the Contractor of certified and documented invoices for actual expenditures allowable under the terms of any Agreement. **Offerors shall propose a flat fee for each supplemental service using the form that is part of Appendix D.**

- h. Clarification of Assumptions**: Each Offeror must list and clarify all assumptions used in the proposal submitted in response to this RFP.

- i. **Affirmative Action:** The Court requires that Offerors be Equal Opportunity Employers. Each Offeror must state in its response to this RFP that Offeror complies fully with all governmental regulations regarding nondiscriminatory employment practices. The Court requires that Contractors shall not discriminate in the hiring or treatment of any staff on the basis of age, race, religion, color, sex, pregnancy, childbirth or condition related to pregnancy or childbirth, parental status, national origin, ancestry, genetic information (including family medical history), physical or mental handicap, disability, serious medical condition, veteran's status, sexual orientation, gender identity, spousal affiliation, socioeconomic status, or political affiliation, or any other protected classification.
- j. **Litigation; Debarment, Suspension, Proposed Debarment or Suspension:** Please describe any litigation or administrative proceedings, and any criminal proceedings or investigations involving Offeror, its owners, principals, shareholders, members, partners, officers, directors, managers, affiliates/related entities, and parent and subsidiary entities of the Offeror's business, and its Key Personnel including, but not limited to, any such lawsuits, proceedings, or investigations that have impacted or have the potential to impact the reputation or financial viability of Offeror. Please include (i) all such current and pending matters; (ii) all such matters that were resolved within the preceding ten (10) years; and (iii) any such matters for which the Offeror has received notice of any party's intent to initiate a civil, criminal or administrative action.

Please describe any allegation of ethical violations that has been filed with any licensing or oversight authority within the preceding five (5) years that relates to the Offeror, its owners, principals, shareholders, members, partners, officers, directors, managers, affiliates/related entities, and parent and subsidiary entities of the Offeror's business, its Key Personnel, or any employee of the Offeror and that is alleged to have occurred within the Offeror's business.

Please state if Offeror or its owners, principals, shareholders, members, partners, officers, directors, managers, affiliates/related entities, and parent and subsidiary entities of the Offeror's business, or its Key Personnel are or have ever been debarred, suspended, proposed for debarment, or declared ineligible for the award of a contract by any Federal department or agency.

Please state if Offeror, its owners, principals, shareholders, members, partners, officers, directors, managers, affiliates/related entities, and parent and subsidiary entities of the Offeror's business, and its Key Personnel within the preceding ten (10) years of the date of the Offeror's Proposal, has been convicted of or had a civil judgment rendered against it for commission of a fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property.

Please state if Offeror, within the preceding five (5) years of the date of Offeror's Proposal, had one or more public agreements or transactions (Federal, State or local) terminated for cause of default.

Describe in detail the specific basis for, and circumstances connected to any item described in response to this section.

- k. **Campaign Contribution Disclosure Statement:** Please provide a fully completed Campaign Contribution Disclosure Statement in the form attached hereto as **Appendix B**.
- l. **Insurance:** Each Offeror shall be bonded and shall submit valid insurance certificates(s) and proof of bonding with its Proposal, which insurance and bonds Offeror represents in its Proposal are adequate

and sufficient for the operation of Offeror’s business and its proposed performance under any Contract(s) awarded as a result of this RFP and which comprehensive insurance programs may include, but are not limited to, a fidelity bond, general liability insurance, professional liability (errors and omissions) insurance, automobile liability insurance, workers’ compensation insurance, and umbrella liability insurance.

- m. **Record Keeping:** Each Offeror shall present and elaborate on protocol for recording keeping, including checks and balances for proper billing, confidentiality measures for Participant information, and other record keeping of performance measures and outcomes.
- n. **Additional Disclosures:** Each Offeror shall identify all owners, principals, shareholders, members, partners, officers, directors, managers, affiliates/related entities, and parent and subsidiary entities of the Offeror’s business. Offerors that are publicly traded companies must identify all holders of 5% or more of the Offeror’s outstanding voting stock, as well as its officers, directors, managers, affiliates/related entities, and parent and subsidiary entities.

B. EVALUATION PROCESS

- 1. **Review of Technical Specifications/Scope of Work and Mandatory Specifications and Requirements:** All Offerors’ proposals will be reviewed for compliance with the Technical Specifications/Scope of Work, Mandatory Specifications, and Requirements stated within the RFP. Proposals deemed materially non-responsive will be eliminated from further consideration.
- 2. **Request for Clarifications:** The Procurement Manager may contact the Offeror for clarification of the response as specified in **Section II**.
- 3. **Other Sources of Information:** The Evaluation Committee may investigate and use other sources of information to perform the evaluation, as specified in **Section II**.
- 4. **Responsive Proposals and Responsible Offerors:** Responsive Proposals will be evaluated on the factors set forth in this **Section IV**, each of which has been assigned a point value. The Responsible Offerors with the two (2) or three (3) highest scores *may* be selected as Finalists based upon the proposals submitted. Each Finalist that is asked or chosen to submit a revised proposal for the purpose of obtaining best and final offers will have its points recalculated accordingly. The Responsible Offeror(s) whose proposal is most advantageous to the Court will be recommended for a Contract(s) to be awarded as specified in **Section II**. **Please note, however, that a serious deficiency in the response to any one factor may be grounds for rejection regardless of overall score.**
- 5. **Criteria and Scoring of Points:** The following criteria will be used to evaluate proposals:

At the time proposals are opened, each proposal will be checked for the presence or absence of the required proposal contents. The Court will evaluate the proposals on a 2,000 point scale using the criteria set forth in the table below. Award, if made, will be to the highest scored proposal.

This form must be filed even if the contract qualifies as a small purchase or a sole source contract. The prospective contractor must disclose whether they, a family member or a representative of the prospective contractor has made a campaign contribution to an applicable public official of the state or a local public body during the two years prior to the date on which the contractor submits a proposal or, in the case of a sole source or small purchase contract, the two years prior to the date the contractor signs the contract, if the aggregate total of contributions given by the prospective contractor, a family member or a representative of the prospective contractor to the public official exceeds two hundred and fifty dollars (\$250) over the two year period.

Furthermore, the state agency or local public body may cancel a solicitation or proposed award for a proposed contract, pursuant to § 13-1-181 NMSA 1978, or a contract that is executed may be ratified or terminated pursuant to § 13-1-182 NMSA 1978 of the Procurement Code if: 1) a prospective contractor, a family member of the prospective contractor, or a representative of the prospective contractor gives a campaign contribution or other thing of value to an applicable public official or the applicable public official's employees during the pendency of the procurement process or 2) a prospective contractor fails to submit a fully completed disclosure statement pursuant to the law.

THIS FORM MUST BE INCLUDED IN THE REQUEST FOR PROPOSALS AND MUST BE FILED BY ANY PROSPECTIVE CONTRACTOR WHETHER OR NOT THEY, THEIR FAMILY MEMBER, OR THEIR REPRESENTATIVE HAS MADE ANY CONTRIBUTIONS SUBJECT TO DISCLOSURE.

The following definitions apply:

“applicable public official” means a person elected to an office or a person appointed to complete a term of an elected office, who has the authority to award or influence the award of the contract for which the prospective contractor is submitting a competitive sealed proposal or who has the authority to negotiate a sole source or small purchase contract that may be awarded without submission of a sealed competitive proposal. For the Bernalillo County Metropolitan Court (“Court”), “applicable public official” shall mean each person who (i) is currently serving a term as a judge on the Court or (ii) has served as a judge on the Court within the six (6) months immediately preceding the date of execution of this disclosure form.

“Campaign Contribution” means a gift, subscription, loan, advance or deposit of money or other thing of value, including the estimated value of an in-kind contribution that is made to or received by an applicable public official or any person authorized to raise, collect or expend contributions on that official's behalf for the purpose of electing the official to either statewide or local office. “Campaign Contribution” includes the payment of a debt incurred in an election campaign, but does not include the value of services provided without compensation or unreimbursed travel or other personal expenses of individuals who volunteer a portion or all of their time on behalf of a candidate or political committee, nor does it include the administrative or solicitation expenses of a political committee that are paid by an organization that sponsors the committee.

“Contract” means any agreement for the procurement of items of tangible personal property, services, professional services, or construction.

“Family member” means spouse, father, mother, child, father-in-law, mother-in-law, daughter-in-law or son-in-law of (a) a prospective contractor, if the prospective contractor is a natural person; or (b) an owner of a prospective contractor.

WITH
[INSERT NAME OF CONTRACTOR]

THIS _____ SERVICES AGREEMENT (“Agreement”) is entered into by and between _____, a _____ Corporation (“Contractor”) and the **Bernalillo County Metropolitan Court** (“Court”). Unless otherwise expressly provided in this Agreement, the term “Parties” shall refer to both the Contractor and the Court.

RECITALS

WHEREAS, the Court may contract with independent contractors for the furnishing of _____ services.

WHEREAS, in accordance with the New Mexico Procurement Code, NMSA 1978, § 13-1-28 et seq. and the Procurement Code Regulations 1.4.1.1 NMAC et seq., the Court solicited competitive sealed proposals and the Contractor was the successful finalist chosen from among the offerors responding to Request for Proposals No. 15-004; and

WHEREAS, it is necessary and desirable that the Contractor be retained for the purpose of providing the services as hereinafter described for the Court.

NOW THEREFORE, in consideration of the mutual premises and benefits contained herein and other good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. **Scope of Work.** The Contractor shall perform the services as stated in the **Scope of Work** attached hereto and incorporated herein as **Exhibit A**.

2. **Compensation.**

A. **Payment; Services Schedule.** In consideration of the services provided by the Contractor in accordance with all terms, conditions, and specifications set forth herein, the Court shall make payment to the Contractor and the Contractor shall request payment for services rendered based on the rates and in the manner specified in the **Payment Rates and Services Schedule** attached hereto and incorporated herein as **Exhibit B**.

B. **Invoices.** The Court shall pay the Contractor after it has received a detailed monthly statement of accounting for the services performed by the Contractor hereunder. The Contractor shall submit its invoices for payment to Accounts Payable in the Finance Division of the Court, together with a certification that the services listed therein have been performed during the prior month. The Contractor must also submit a copy of each invoice and certification to the Court’s _____ Manager or his designee. Failure to submit invoices on or before the **tenth (10th) business day of each month** after the close of the month for which payment is sought may result in the non-availability of funds for payment.

C. **Total Compensation.** Total Compensation under this Agreement for **Fiscal Year** ____ shall not exceed _____ **Thousand and no/100ths Dollars** (\$____.00), plus all applicable New Mexico gross receipt taxes.

D. **Late Payment Charges.** There shall be no late payment charges assessed against the Court under this Agreement. The parties expressly acknowledge and agree that, pursuant to NMSA 1978, § 13-1-158(E) the late payment charges set forth in NMSA 1978, § 13-1-158(C) do not apply to this Agreement.

3. **Term.**

A. **Effective Date; Termination Date.** Subject to compliance with all terms and conditions of this Agreement, the effective date of this Agreement shall be **July 1, 2025**; the termination date shall be **June 30, 20__**, unless terminated earlier pursuant to **Sections 4 or 5**, below.

B. **Extensions.** This Agreement may be extended, on an annual basis, for **three (3)** successive periods of **one (1) year each** by mutual consent of the parties, upon written notification by the Court to the Contractor prior to the relevant expiration date. In no case will this Agreement, including all extensions thereof, extend beyond **June 30, 2029**.

C. **Payment Rates Upon Extension.** If this Agreement is extended pursuant to Paragraph B above, the rates to be paid to the Contractor shall be as is mutually agreed to by the parties in writing.

4. **Termination.**

A. **Without Cause.** This Agreement may be terminated, without cause, by either party upon written notice delivered to the other party not less than **thirty (30) days** prior to the effective date of termination.

B. **For Cause.** Default of a material term of this Agreement by either party is cause for termination, provided that written notice is given by the aggrieved Party not less than **twenty (20) days** prior to the effective date of termination and the defaulting party does not cure the default within that **twenty (20) day** period. Notwithstanding the foregoing, the Court may terminate this Agreement immediately if, in its reasonable determination, the Contractor becomes unable to perform the services contracted for herein. This provision is not exclusive and does not waive the Court's other legal rights and remedies caused by the Contractor's breach of this Agreement.

C. **Obligations upon Termination.** By such termination, neither party may nullify obligations already incurred for performance or failure to perform prior to the date of termination. Except for the Supplemental Services, as the compensation to the Contractor is based on a case rate, upon termination of the Agreement:

(1) **Compensation Paid by the Court:** The total compensation paid by the Court shall be reconciled upon termination in accordance with **Exhibit B** hereto.

(2) **Contractor's Continuing Obligation to Provide Services to Participants:** The Contractor shall have a continuing obligation to provide services for all enrolled Participants who have been referred to the Contractor on or before the termination of the Agreement. The Contractor shall continue to provide services pursuant to this Agreement for Participants for a minimum of twelve (12) months. For those Participants, who are still participating in the Program more than twelve (12) months, respectively, from their "Enrollment" (as defined on **Exhibit B**), the Contractor shall only provide services for those Participants for not more than **ninety (90) days** in order to facilitate their transition to other services. The Contractor shall provide such services in accordance with the Program's standards and other requirements set forth in this Agreement, which obligation shall be ongoing and shall survive the termination of this Agreement.

(3) **Court Shall Not Incur Further Obligations:** The Court shall not incur any further obligations to the Contractor as of the effective date of termination.

5. **Appropriations.** The terms of this Agreement are contingent upon sufficient appropriations and authorizations for expenditures being made by the New Mexico Legislature. If sufficient appropriations and authorizations are not made by the Legislature, this Agreement shall, notwithstanding any other provision, terminate immediately upon written notice of termination from the Court. The Court's decision of whether sufficient appropriations and authorizations for expenditures have been made by the Legislature shall be in its sole discretion and shall be accepted by the Contractor as final.

6. **Status of Contractor.** The Contractor represents, warrants, and agrees that Contractor, its agents and employees, are independent contractors performing services for the Court and are not employees, special employees, or borrowed employees of the Court or the State of New Mexico, nor is the Court or the State of New Mexico a statutory employer of Contractor, its agents or employees. The Contractor has the sole authority to control the means and manner in which its employees perform any work under the terms of this Agreement for the Court. The Contractor alone exercises control over the hiring, discipline, and firing of Contractor's employees. Neither the Contractor nor its agents or employees shall accrue leave, retirement, insurance, bonding or any other benefits or privileges afforded to employees of the Court or the State of New Mexico as a result of this Agreement. The Contractor is solely responsible for providing any and all such benefits and insurance (including, but not limited to, workmen's compensation insurance and any health insurance) for Contractor's employees. The Contractor is solely responsible for all applicable taxes, licensing and other costs of its doing business. The Contractor shall not purport to bind the Court, its judges, administrators, supervisors, managers, officers, or employees nor the State of New Mexico to any obligation not expressly authorized herein unless the Court has expressly given Contractor the authority to do so in writing. The Contractor and its agents and employees shall not be permitted to use State vehicles or other State property. The Contractor acknowledges that all sums received by it under the terms of the Agreement are reportable by it for income tax purposes as self-employment or business income.

7. **Assignment.** The Contractor shall not assign or transfer any interest in this Agreement or assign any claim for money due, or to become due, under this Agreement without the prior written approval of the Court. No such assignment or transfer shall relieve the Contractor from its obligations and liabilities under this Agreement.

8. **Subcontracting.** The Contractor shall not subcontract all or any portion of the services to be performed under this Agreement without the prior written consent of the Court. If approved by the Court, the Contractor shall be solely responsible and liable for the performance of any subcontractor under such subcontract(s). Any and all fees or costs incurred by an unapproved subcontractor shall be paid by Contractor and shall not be reimbursed or otherwise paid by Court. The Contractor shall execute

written agreements with subcontractors, which are approved in advance by the Court. Copies of executed agreements with any approved subcontractors must be delivered to the Court within **ten (10) days** of execution. Contractor shall be responsible for monitoring its subcontractor's performance and compliance. Use of a subcontractor shall not relieve Contractor of any obligation under this Agreement for any reason, including but not limited to a subcontractor's bankruptcy, insolvency or other inability to perform the services required under any subcontract.

9. Release. The Contractor's acceptance of final payment of the amount due under this Agreement shall operate as a release of the Court, its officers, agents and employees, the State of New Mexico, and the Federal government from any liabilities, claims or obligations whatsoever arising from or under this Agreement. The Contractor agrees not to purport to bind the Court or the State of New Mexico or the Federal government to any obligation not expressly assumed in this Agreement, unless the Contractor has advance, signed and written authority to do so, and then, only within the strict limits of that authority.

10. Confidentiality. Any confidential information provided to or developed by the Contractor in the performance of this Agreement shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the Court. This confidentiality provision shall survive the termination of this Agreement. Nothing in this Agreement shall be construed to require the Court to disclose any information, which is exempted from disclosure by the provisions of NMSA 1978, § 14-2-1(A). Confidential information shall not include information that:

- (a) At the time of disclosure or thereafter becomes published or otherwise part of the public domain without breach of this Agreement by the Contractor;
- (b) Is subsequently disclosed to the Contractor by a third party who has the right to make such disclosure;
- (c) Is developed by the Contractor independently of confidential information or other information received from the Court and such independent development can be properly demonstrated by the Contractor;
- (d) Is necessary to be disclosed to agents, consultants, affiliates and/or other third parties for the services to be provided in accordance with this Agreement on the condition that such third parties agree to be bound by the confidentiality obligations contained in this Agreement;
- (e) Is required to be disclosed by law, or court order; or
- (f) Is otherwise subject to disclosure pursuant to New Mexico's Inspection of Public Records Act, NMSA 1978, §§ 14-2-1 through 14-2-12.

11. Conflict of Interest. The Contractor represents and warrants that it and each of its employees do not presently have an interest and shall not hereafter acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required under this Agreement. The Contractor represents and certifies that it has and shall continue to comply with any and all applicable provisions of the Governmental Conduct Act, NMSA 1978, § 10-16-1 *et seq.* and the New Mexico Financial Disclosures Act, NMSA 1978, §10-16A-1 *et seq.*

12. Penalties. Pursuant to NMSA 1978, §13-1-191 of the Procurement Code and NMSA 1978, §30-24-1, *et seq.*, and NMSA 1978, §30-41-1 through §30-41-3 of the Criminal Code, the receipt or solicitation of bribes, gratuities and kickbacks is strictly prohibited and constitutes a felony. The Contractor understands and agrees that no local, state, or federal employee or official has obtained or shall be permitted to obtain any benefit that may arise from this Agreement. Should the Court determine that Contractor has violated any of these provisions the Court may terminate this Agreement, in addition to pursuing any other applicable penalties.

13. Campaign Contribution Disclosure. Pursuant to NMSA 1978, § 13-1-191.1, the Contractor shall disclose all campaign contributions in excess of **Two Hundred and Fifty Dollars (\$250.00)** that have been made by the Contractor, a family member or representative of the Contractor in the past **two (2) year** and shall complete a Campaign Contribution Form attached hereto as **Exhibit C** and return the form to the Court together with the original executed copies of the Agreement.

14. Debarment, Suspension, and Other Responsibility Matters. If the Contractor or any of its subcontractors fails to comply with the terms of this Agreement, the Court may exercise all remedies to which it may be entitled in law and equity and also may bar the Contractor from providing future services for the benefit of the Court.

15. Equal Employment Opportunity; Non-discrimination. The Contractor agrees to abide by all federal and state laws, rules and regulations and executive orders of the Government of the State of New Mexico, pertaining to equal opportunity and nondiscrimination in employment. The Contractor shall not discriminate in its employment practices against any person by reason of age, race, religion, color, sex (including pregnancy), national origin, ancestry, genetic information, physical or mental handicap, disability, serious medical condition, veteran's status, sexual orientation, gender identity, spousal affiliation, socioeconomic status, or political affiliation. If the Contractor is found not to be in compliance with these requirements during the term of this Agreement, the Contractor agrees to take such steps as are required to correct these deficiencies.

16. Waiver. No prior waiver on the part of the Court, or prior failure to exercise any option, right, or privilege under the terms of this Agreement, shall be construed to be a waiver of any like opportunity, option, right, or privilege on any future

occasion. The Court shall not be estopped or precluded by an acceptance, or certificate of payment, from showing the true amount and character of the work performed or from showing that the acceptance, or certificate of payment, was incorrectly or improperly made. Notwithstanding any such acceptance, or certificate of payment, the Court may still recover from the Contractor any damages sustained by reason of the Contractor's failure to strictly comply with the requirements of this Agreement. In such instances, the Court may recover any payments, which may have been made to the Contractor, in excess of those to which the Contractor is lawfully entitled.

17. Records; Accounting. The Contractor shall maintain and provide to the Court upon its request detailed records and reports of all services rendered during the term and effect of the Agreement. The records shall include information concerning the date, time, and nature of all services rendered during the term of this Agreement. All such records shall be maintained in accordance with generally accepted accounting principles and shall be of sufficient detail to support the Contractor's charges. These records shall be subject to inspection of the Court, its auditors and the New Mexico State Auditor. The Court shall have the right to audit such records, at all reasonable times, for a period of **three (3) years** from the date of final payment under this Agreement. Payment under this Agreement shall not foreclose the right of the Court to recover any and all excessive, improper, and/or illegal payments.

18. Indemnification. The Contractor shall defend, indemnify and hold harmless the Court, its officers, agents and employees, and the State of New Mexico from all actions, proceedings, lawsuits, claims, demands, costs, damages, attorneys' fees and all other liabilities and expenses of any kind from any source, which may arise out of the Contractor's acts or omissions, performance of or failure to perform this Agreement, whether caused by the Contractor, its officers, employees, servants, subcontractors, agents or otherwise. This indemnification provision shall survive the termination of this Agreement. In the event that any action, lawsuit, or proceeding related to the services performed by the Contractor, or any of its officers, agents, employees, servants or subcontractors, under this Agreement is brought against the Contractor, the Contractor shall, as soon as practicable but no later than **Five (5) business days** after it receives notice thereof, notify the Court Executive Officer of the Court by certified mail. Nothing contained herein shall constitute a waiver by the Court or the State of New Mexico of the limitations on liability as set forth in the Tort Claims Act, NMSA 1978, § 41-4-1 through § 41-4-27.

19. No Exclusive Right. Under no circumstances shall this Agreement be construed to be a grant from the Court to the Contractor of the exclusive right to furnish the Court with all or any portion of the services described in this Agreement.

20. Workers Compensation. The Contractor represents and warrants that it currently has and will continue to maintain workers' compensation insurance in accordance with or as required by applicable law. These representations constitute a material element of this Agreement upon which the Court is relying and cancellation of or failure to provide such insurance as required by law shall constitute a breach of this Agreement by the Contractor entitling the Court to be indemnified by the Contractor in accordance with **Section 18** of this Agreement and to terminate this Agreement for cause in accordance with **Section 4(b)**. Because Contractor is an independent contractor, the Court has no duty to procure workers' compensation insurance for the benefit of Contractor, its agents or employees, nor is the Court obligated to ensure that Contractor maintains adequate workers' compensation insurance. Nothing contained herein shall constitute a waiver by the Court or the State of New Mexico of the limitations on liability as set forth in the Tort Claims Act, NMSA 1978, § 41-4-1 through § 41-4-27.

21. Insurance; Bond; Licenses; Performance Bond.

A. Insurance; Fidelity Bond. The Contractor represents and warrants that it is bonded and that it currently has and will continue to maintain, for the duration of this Agreement and for a minimum of **three (3) years** thereafter, comprehensive insurance coverage and general liability insurance coverage against claims for injuries to persons or damages to property that may arise from or in connection with the business, operations and activities of the Contractor, including, but not limited to, the provision of services to the Court under this Agreement. The Contractor represents that such insurance provides liability limits that are adequate and sufficient for the operation of Contractor's business and performance under this Agreement. These representations constitute a material element of this Agreement upon which the Court is relying and cancellation of or failure to provide such insurance shall constitute a breach of this Agreement by the Contractor entitling the Court to be indemnified by the Contractor in accordance with **Section 18** of this Agreement and to terminate this Agreement for cause in accordance with **Section 4(b)**. Because Contractor is an independent contractor, the Court has no duty to procure a bond or insurance for the benefit of Contractor, its agents or employees, nor is the Court obligated to ensure that Contractor maintains adequate insurance or bonds. Nothing contained herein shall constitute a waiver by the Court or the State of New Mexico of the limitations on liability as set forth in the Tort Claims Act, NMSA 1978, § 41-4-1 through § 41-4-27.

B. Licenses. The Contractor represents and warrants that it has and shall maintain at all times during the term of this Agreement, any and all licenses, which are required by the City, County, State, or otherwise, for the operation of its business and the performance of any services provided hereunder.

C. Performance Bond. Within ten (10) calendar days of the effective date of this Agreement, the Contractor shall

procure and submit to the Court a business bond in favor of the Court insuring the Contractor's performance under this Agreement. The performance bond shall be in a form approved by the Court in the amount of \$_____.00. Such bond must remain in full force and effect during the term of this Agreement and any extension thereof. The performance bond shall be obtained through any surety licensed to do business in New Mexico with all fees current and who is approved by the Court. The performance bond shall be forfeited if the Agreement is terminated by the Court during the term of this Agreement for cause.

22. No Publicity. The Contractor shall not issue or release, for publication, any press releases, news articles, advertising or publicity matter relating to work performed by the Contractor pursuant to this Agreement without obtaining the prior written approval of the Court.

23. Applicable Law; Jurisdiction. This Agreement, its construction, interpretation, and performance shall be governed by the laws of the State of New Mexico and by applicable Federal law. The Contractor consents to the jurisdiction of the Second Judicial District Court of the State of New Mexico.

24. Amendment. This Agreement shall not be altered, changed, or amended except by an instrument in writing signed in advance by the parties hereto.

25. Severability. The invalidity or unenforceability of any term or provision of this Agreement will in no way affect the validity or enforceability of any other term or provision to the extent permitted by law.

26. Cumulative Remedies. No single remedy or election provided under the terms of this Agreement shall be deemed exclusive but shall, whenever possible, be cumulative to all other remedies provided via law or equity.

27. Notices. Unless stated otherwise herein, all notices and demands shall be in writing and sent to the parties at the following addresses:

The Contractor shall coordinate with the Court's Grant Administrator or his/her designee on services/costs billed to a Third Party to ensure services/costs are not also billed to the Court. The charges for services rendered under this Agreement are reimbursable or subject to compensation only to the extent that such services relate exclusively and directly to the purpose of this Agreement. The Contractor certifies that any direct or indirect costs claimed on any invoice pursuant to this Agreement will not be allocable to or included as a cost on any other invoice submitted by Contractor to the Court for payment. Any supplemental or additional payment for some, or all, of the same services shall not be received, from any other source, by the Contractor.

29. Attorneys' Fees and Costs. In the event that the Court brings an action or proceeding for the declaration of the rights of the parties under this Agreement, for injunctive relief, for an alleged breach or default hereof, or any other legal action arising out of this Agreement or the transactions contemplated hereby, or in the event Contractor is in default of its obligations pursuant hereto, the Court shall be entitled to recover its reasonable attorney's fees and costs.

30. Drug-Free Workplace Policy. The Contractor represents and warrants that its employees are prohibited under the Contractor's personnel policies from being under the influence of illegal drugs or alcohol during working hours.

32. Background Checks; Notification. The Contractor shall conduct a background check on all of the Contractor's employees who will be performing work for the Court under this Agreement. If a background investigation reveals or if the Contractor is otherwise notified or becomes aware that any of its employees, who are or will be performing work on behalf of the Contractor under this Agreement, either have been convicted of a felony or a misdemeanor, have a case pending before the Court or have a conflict or other interest in the business or operations of the Court, the Contractor shall promptly notify the Court in writing of such conviction, pending case or other conflict of interest. The Contractor shall not assign any individual to perform work for the Court under this Agreement who is identified by the Court, in its sole discretion, as having a conflict of interest with the Court.
